

Business Continuity Plan Disclosure Statement  
Accelerated Capital Group

Accelerated Capital Group, Inc is a broker-dealer and member of the *FINRA* and is not a self-clearing firm. Thus, Accelerated Capital Group (ACG) relies heavily on our clearing firm, Royal Bank of Canada (RBC), in the event of a significant business disruption.

FINRA Rule 3510 requires each member firm to create and maintain a business continuity plan. In accordance with this rule, Accelerated Capital Group has developed a plan to ensure that business continues to run uninterrupted during business emergencies.

The plan is designed to address key areas of concern including but not limited to the following:

- Books and records recovery;
- All Mission Critical Systems;
- Financial and operational assessments;
- Alternate means of communication between Accelerated Capital Group and its employees;
- Critical business constituent, bank, and counter-party impact;
- Regulatory reporting;
- Communications with regulators; and
- How Accelerated Capital Group will ensure that customers have access to their funds and securities in the event Accelerated Capital Group determines it is unable to continue its business.

Events creating a disruption of business may vary in nature. They could affect only Accelerated Capital Group, affect the building where Accelerated Capital Group is located, affect the entire business district where Accelerated Capital Group is located, result in a citywide disruption, or result in a regional disruption. Accelerated Capital Group fully intends to continue to conduct a securities business during these periods of business disruption ranging from disruptions that only affect Accelerated Capital Group to disruptions that have regional impact.

To address disruptions affecting only Accelerated Capital Group, the building where Accelerated Capital Group is located or the business district where Accelerated Capital Group conducts business, Accelerated Capital Group has arranged an alternate location to supply a physical location as well as key technology infrastructure that will afford ACG the opportunity to relocate its key employees and critical information technology systems in order to provide services for its Registered Representatives and clients.

Please be advised that business continuity plans are subject to change and modification. ACG intends to update and test its business continuity plans as business conditions and technology change.

Should you need to contact one of clearing firms that Accelerated Capital Group does business with, please follow one of the following website links:

**RBC, Inc.**
